PRICE 2 CENTS

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchitis, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherry bark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe chest ache, however chronic cough, bronchitis and various troubles and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-over coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingswood, M. D., of Bennett Med. College, Chicago, says of glycerine: "In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon catarrhs, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach). It is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity.

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the active medicinal roots composing this wonderful medicine. There is no alcohol in it.

MITCHELL DEFIAITS.

Indorsing a report of the committee on boycott, John Mitchell, one of the three officers of the American Federation of Labor, who are under sentence for contempt of court, made a dramatic speech to the convention at Toronto yesterday. He said that so far as he was concerned, regardless of consequences he intended while at liberty to declare for the rights guaranteed him by the organic laws of his country. The report, which drew forth Mitchell's speech and which was adopted by the convention, among other things declared:

"We say that when your cause is just and every other remedy has been employed without result, boycott; we say that when the employer has determined to exploit not only adult male labor, but our women and children, and our reason and appeal to his fairness and his conscience will not sway him, boycott; we say that when labor has been oppressed, browbeaten, and tyrannized, boycott; we say that when social and political conditions become so bad that ordinary remedial measures are fruitless, boycott; and, finally, we say we have a right to boycott, and we propose to exercise that right. In the application of this right of boycott to paraphrase the president (Gompers), we propose to strike on and on."

During his speech Mr. Mitchell said: "I propose in the future, as I have in the past, to exercise the rights secured to me by the fathers of my country; and I propose, if I am sent to jail, to declare again, when I come out that I shall not for myself purchase any product of the Backs Store and Range Company. It seems to me that the whole proceedings should prove a lasting lesson to the workmen of the United States and Canada. If all the workmen had been true to themselves, there would not have been a nonunion product on the market."

RED CROSS STAMPS FOR VIRGINIA.

If the plans of the State Anti-Tuberculosis Association are carried out, Red Cross Christmas stamps will soon be for sale throughout the state. Under arrangements with the National Red Cross Society, the state association will distribute the stamps throughout Virginia and will share the proceeds with the national society. Perhaps no popular movement of recent years has had the unique success of this plan, devised to raise funds for the relief work of the Red Cross Society. The stamps are beautifully engraved, with the symbol of the Red Cross, and carry a brief Yuletide greeting. They are to be offered for sale throughout the state, at one cent each, and are to be attached to Christmas mail. Thanks to the Postoffice Department the stamps can be sold in the corridors and halls of the government buildings where they can easily be secured by those who desire to assist the two great charities. Dr. T. A. Parker, executive secretary of the Anti-Tuberculosis Society, is in charge of the distribution of these stamps and is making plans whereby they can be had throughout the state.

SUICIDE OF SPURNED WIFE.

With the words, "God bless my baby!" on her lips, Mrs. Helen Harris, a spurned wife, died Tuesday night as a result of injuries received when she threw herself in front of a speeding street car in San Francisco. Mrs. Burns was 24 years of age. She was married four years ago to Charles Burns, a manufacturer, of New York. Burns was a divorced man but shortly after a baby came to him and his new wife, he became reconciled to his first wife and secured a second divorce. The cast-off wife made her way to San Francisco a short time ago leaving her baby with the father. On Tuesday night there was a dramatic sequel to this broken romance, enacted on the street in front of the young woman's home. Mrs. Harris, her mother, it appears, was willing to have her daughter live with her, but the brother, Walter Penders, refused, saying he could not support them. The girl walked into the street and leaped beneath a moving car and was crushed to death.

WINNINGS PAID VICTIMS.

One of the strangest wills ever made came to light yesterday at Kanawha City, Mo., when the last testament of George Brown Jr., noted as a gambler and race horse man, was filed in the Probate Court.

"It is my desire, as far as possible," the will reads, "to repay every person, man, woman or child, any money which I may have won from them by gambling during my lifetime, and I direct my executors to make efforts to learn their names, and to reimburse them to the full amount, with interest, from the day the money was won."

Another strange provision of the will is for tombstones to be erected above the testator and his wife, which will bear only their given names, omitting the name "Brown."
